2.4 COLOUR PRINT SPECIFICATIONS

Print the Sushi Zamai master logo in correct colour as indicated above. The colours are specified for offset printing on white paper (CMYK & Pantone) and for use on computer monitors (RGB). To achieve consistent colour reproduction in every application, always ensure to match data to Pantone chart accordingly.

2.0 LOGO STANDARD GUIDELINES

FULL COLOUR LOGOS

ONE COLOUR BLACK LOGOS

2.5 LOGO BACKGROUND CONTROL

The examples demonstrate the preferred and acceptable use of the logo on various backgrounds.

Use the full colour logo when the background colour value is between 0% and 50%. Outline the logo when the background colour value is between 50% and 80%. Use the full colour reverse logo when the background colour value is between 80% and 100%.

For grayscale reproduction, use the one colour black logo when the background colour value is between 0% and 10%. Outline the logo with 1 point when the background colour value is between 10% and 70% and outline 2 points when the background colour value is 70% and 100%. The logo and symbol outline must be clearly distinguishable from the background color.

For legibility, use the white colour reverse logo when the background colour value is between 70% and 100%.
